DIPLOMA OF PROJECT MANAGEMENT

About this Course

This qualification reflects the role of individuals who apply project management skills and knowledge. They may manage projects in a variety of contexts, across a number of industry sectors. They have project leadership and management roles and are responsible for achieving project objectives. They possess a sound theoretical knowledge base and use a range of specialised, technical and managerial competencies to initiate, plan, execute and evaluate their own work and/or the work of others.

What You'll Learn

- manage project scope, timelines, cost, risk, and human resources
- use specialised, technical, and managerial competencies to plan, complete, and review project work
- promoting the values of public service (Elective units)
- managing Information Technology needs of projects (Elective units)
- effectively managing competing priorities (Elective units)

Career Outcomes

Rhodes works with industry leaders
